NOTE:

Kit 1 uses braided stainless steel hose with PVC coating & galvanised mild steel fittings. Hose coatings available in clear, carbon look, black, red, blue, yellow, green or white.

Kit 2a uses braided stainless hose as for kit 1 with stainless steel fittings. Collar nut can be a choice of galvanised or stainless steel or blue anodised aluminium.

Kit 2b uses braided stainless hose with a titanium colour PVC coating and stainless steel swivel type collar nuts. Fittings are stainless steel or anodised aluminium in red, blue or black.

Kit 4 braided carbon fibre hose with black aluminium fittings. Prices on request.

Kit 2A & 2B have the option of aluminium banjo bolts in red, black or blue, or chromed steel. For stainless steel bolts add R54,00 per bolt.

Kit 4 is available only in race format (2 hoses at front from m/cylinder to calipers) for Sports bikes and include banjo bolt options as for Kit 2.

GENERAL

- The 2x front brake hose kits and 3x brake hose kits include 2 hoses for “race format” fitting at the front with a double banjo bolt at the master cylinder fixing hoses leading to left & right calipers. The shorter option covers sport bikes, and the longer is for bikes with raised handlebars.

- Kit options without fancy bolts include any banjo bolts required to fit the kit which are not standard to the motorcycle.
- Kits include appropriate rubber bobbins and hose stays for proper installation.
- **Exceptions to price-list:** This pricelist can be used to determine a price for most applications, contact us for custom or unusual requirements.
